

How To Setup APP To Work With Platinum Wi-Fi Gate Opener

Android Phone Administrator:

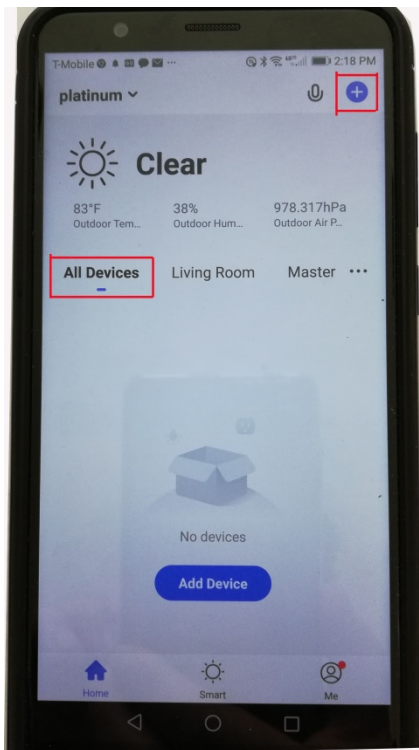

How To Reset The Wi-Fi Gate Opener Device:

1. Power up the Wi-Fi Gate Opener device.
2. Wait for 6 seconds. Next Press down and hold the **TEST** switch for 18 seconds to reset the Wi-Fi gate Opener device.
3. Turn the Wi-Fi gate opener power OFF for 5 seconds, then power up the Wi-Fi gate opener device. The reset process is completed.

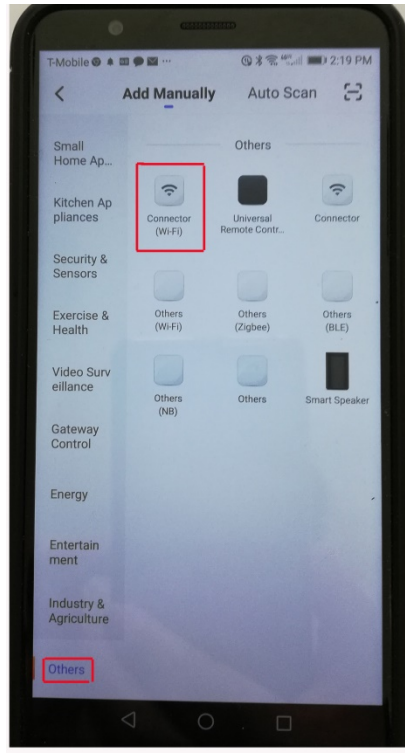

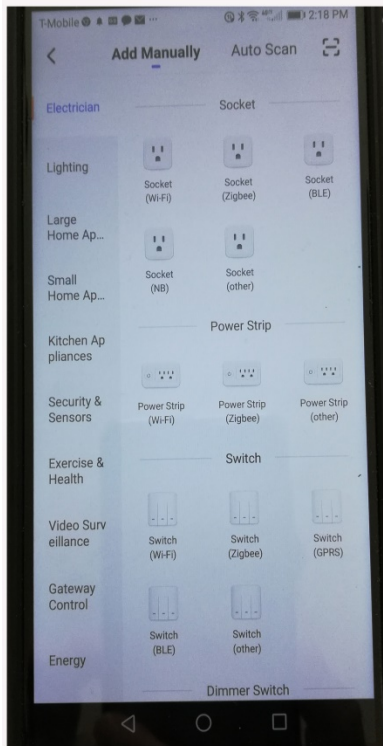

Setting Up the Wi-Fi gate Opener Device

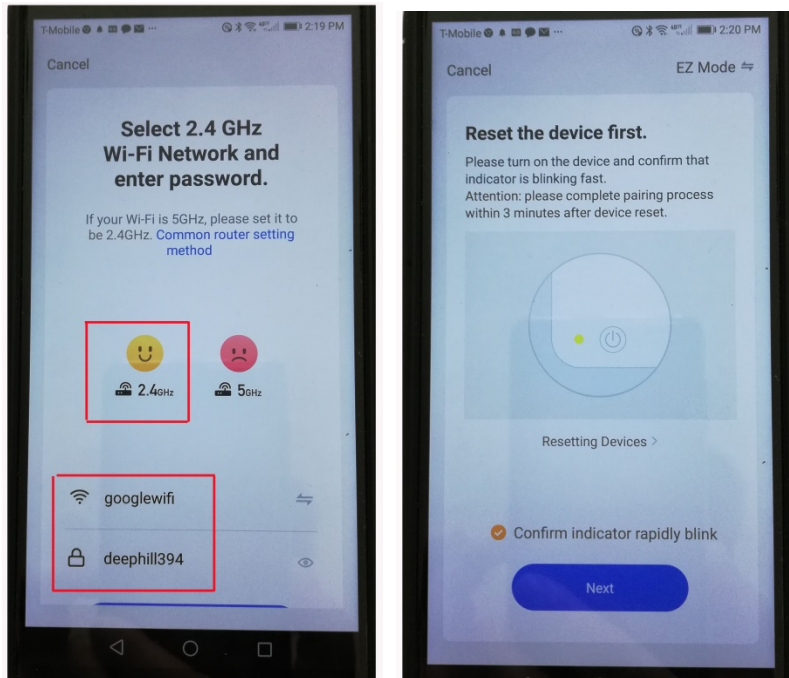

1. First open an account with Google to have an email account with google such XXXX@gmail.com, or enter your cell phone. And also setup a password too. Using your phone number to set up an account with Google is better in this case since you may need to get a verification code from Google.
2. For Iphone user. You need to open an account with Icloud such www.icloud.com. Create a password. You can use your cell phone number to create an account with Apple too.
3. Go to Google Play Store/Iphone APP Store to download Smart Life APP.
4. Install the APP. The APP will ask you to login. Then you can use the account that you have just created to login. Enter your cell phone number first to get a verification Code for login.
5. Once you have received your verification code. You enter the verification code. Then the APP will open the Smart Life home page.
6. Next Launch APP, selected **"All Device"**

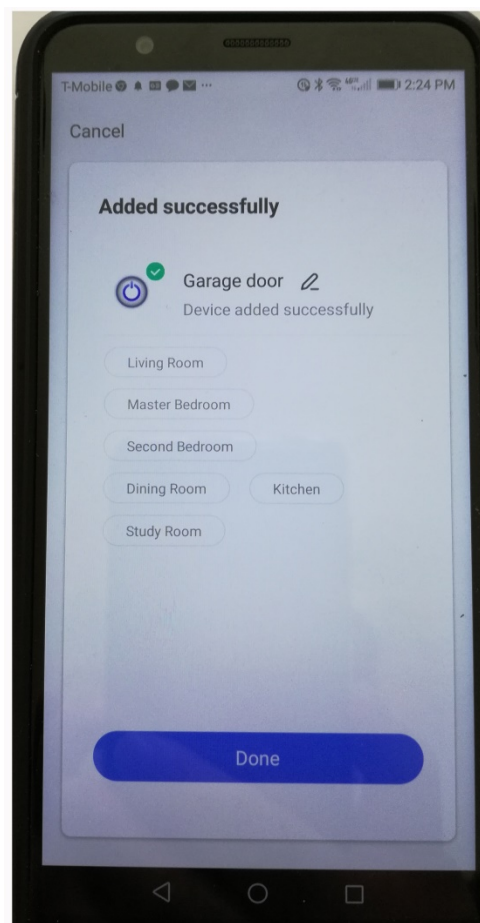

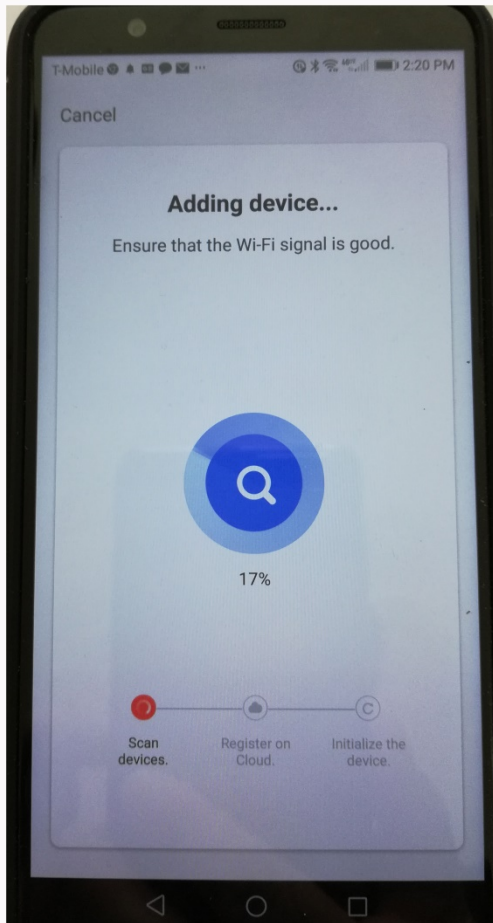

7. Tap the icon "+" at the upper right corner.
8. Tap **"Others"** at the lower left corner.

9. Tap **“Connector (Wi-Fi)”** to go to pairing the Phone and the Wi-Fi Device process.
10. Next power up the Wi-Fi device. The Red LED light, or Blue LED light is flashing.
11. Next Press down and hold the **TEST** switch for 18 seconds to reset the Wi-Fi gate Opener.
12. Turn the Wi-Fi gate opener power OFF for 5 seconds, then power up the Wi-Fi gate opener device.
13. Wait for 5 seconds. Then press and hold down the **TEST** switch for 6 seconds. You should see the blue LED light is blinking rapidly if you cover up the sun light.
14. Next you enter your home Wi-Fi network name and password, and tap icon **“Confirm, or Next”** to go to next page.

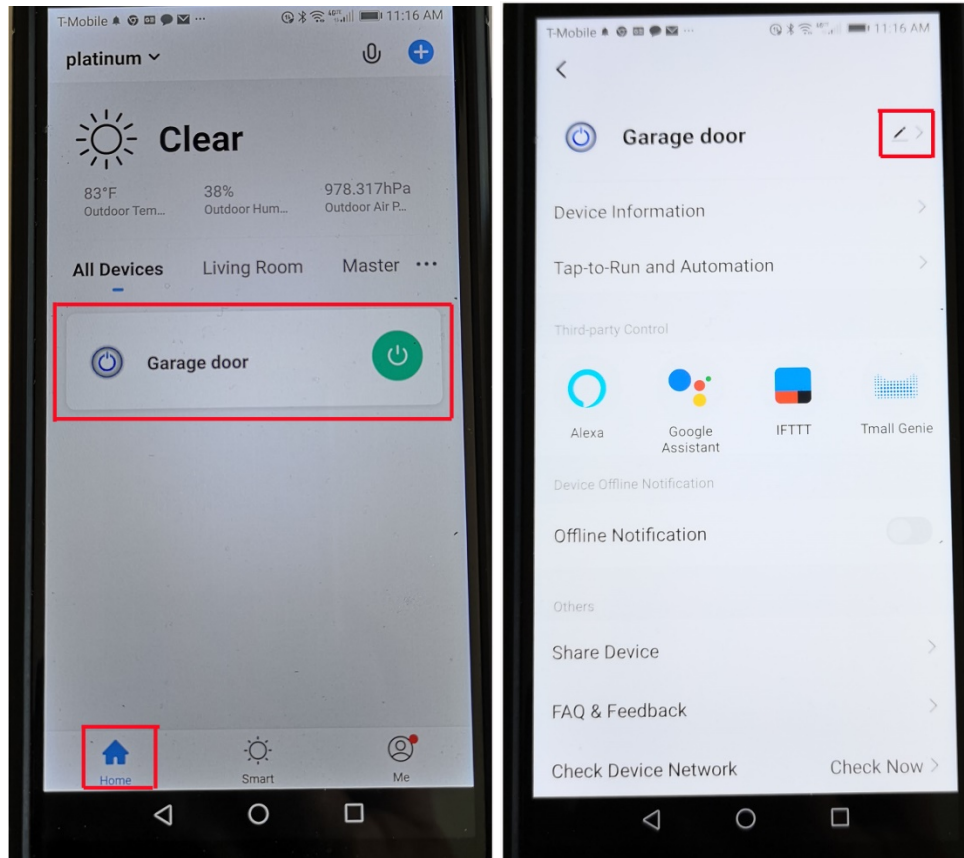

15. Next you tap the icon **“Confirm indicator rapidly blink”** . Next Tap the icon **“NEXT”** go to pairing page.
16. Put your phone close to the Wi-Fi Device(Range from 2” to 24”). You will see the APP is trying searching for the Wi-Fi Gate Opener. Normally it takes about 10-35 seconds to pair the phone and the Wi-Fi device. You will see connection is successful from the phone.

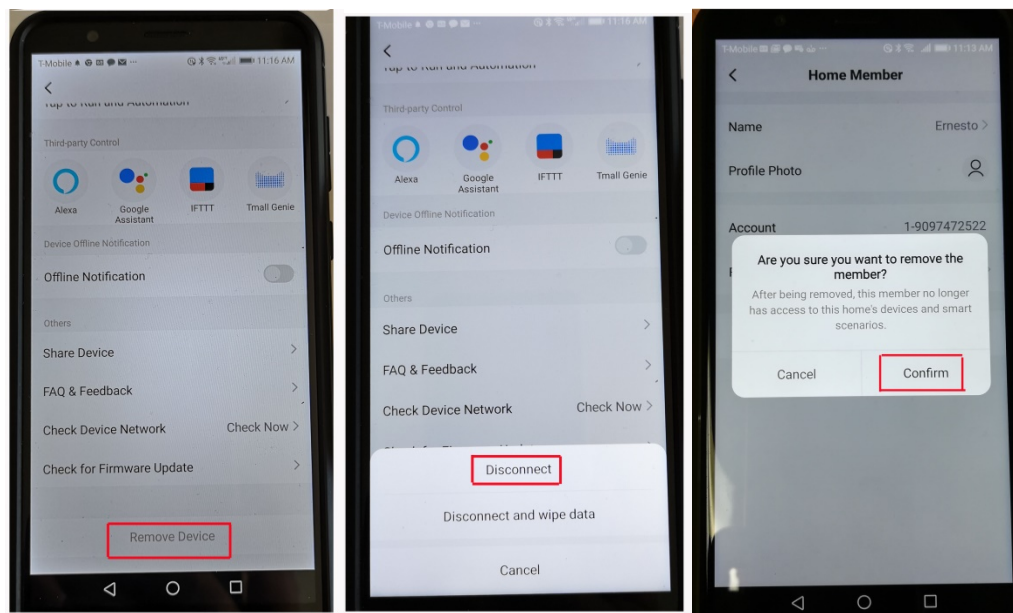

17. If failed to pair them up. Then you need turn OFF the Wi-Fi Gate opener power for 5 seconds, then power it back up again, then repeat start from Step 11 to Step 16 until you can successfully pair the Wi-Fi Gate Opener with your phone. Sometime it may need a couple of tries in order to pair both units successfully since there might be more than two Wi-Fi systems near your location.
18. If you need to add more Platinum Wi-Fi Gate Opener to this Smart Life APP for your phone, just repeat start from step 6 to Step 16.
19. You may need to add a Wi-Fi range extender if the Platinum Wi-Fi Gate Opener is far away from your Wi-Fi router.
20. **Google Wi-Fi AC1200 Dual-Band Mesh Wi-Fi System** is one of the best Wi-Fi routers we recommend to use with Platinum Wi-Fi Gate Opener. If you need to extend the Wi-Fi signal range, all you need to do is to add one, or more Google Wi-Fi AC1200 router unit(s).

How To Delete WI-FI Gate Opener Device

1. Go to Smart Life Home page.

2. Tap Icon “Garage door #” at middle left on the screen.
